Our primary objective is to provide quality wellness services while maintaining customer satisfaction and profitability.

TARGET CUSTOMERS:

- Basic age range 16-60
- Medium/High income
- Students, Homemakers,Working Professionals, Senior Citizens, Fitness enthusiasts
- Beginner Friendly
- The corporate clients
- The community builder and spiritual practitioners

STRATEGIC GOAL/VISION:

Our Mission:

To promote a fitness and wellness habit among people of all age groups by providing quality wellness services, accessible programs and a welcoming environment that encourages regular participation.

Our Vision:

To become a trusted wellness center that inspires healthier communities, higher customer satisfaction, increases membership and class attendance and drives sustainable business growth and profitability.

STATUS OF THE BUSINESS:

Early stage startup currently in the branding, market research, and business development phase. The organization is building its market presence and expanding its team to support future growth.

COMPETITION:

Our hybrid yoga studio operates in a competitive wellness market with both direct and indirect competitors. Direct competitors include wellness centers that offer similar services, organizations such as The art of living, CultFit and Isha yoga whereas Indirect competitors are vast and present a big challenge to the business. This includes gyms, fitness centers, Pilates studios, meditation apps, online fitness platforms, and independent yoga instructors.

BUSINESS NEEDS:

- **Human resources:** Certified Yoga instructors, manager, customer support
- **Physical resources:** Studio, yoga equipment, utilities
- **Technology:** Computers, internet, booking and payment systems, Website, social media, promotional content, referral programs
- **Financial:** Startup capital, salaries, rent, marketing

BUSINESS PROCESS STEPS:

1- Customer registration

Collect details, preferences and membership information

2- Membership and payment

Manage plans, payments, renewals and entitlements

- **2.1- Offline classes**

Studio booking, capacity and physical attendance

- **2.2- Online classes**

Virtual booking, meeting links and online attendance

3- Performance monitoring

Analyze revenue, attendance, retention and customer satisfaction across both channels
